Dear Eric

RE: Quantity Surveying and NEC Contract Services

The term of working together as per the TPL Contract has come to an end and I would like to take this opportunity to put on record the observation by TPL of the effort and dedication of ensuring TPL's requirements were met.

The efforts and commitment by your team under your leadership was commendable, with the contribution on TPL's high profile projects left the project team with high regard for your professionalism.

It was a indeed a period filled with challenges, long hours, many meetings, conferences, telephone calls and rewards that helped the TPL team to achieve some of their goals and objectives. I am sure you will agree that the project environment in TPL is particularly challenging, but the manner in which your team embraced the tasks and executed them was remarkable.

Thank you once again for your service and support; we hope to interact with you and your team in the near future.

Please extend our gratitude to Greg Fendt and the rest of your team.

Kind regards

A handwritten signature in black ink, appearing to read "Shiven Panday". The signature is written in a cursive style with a large, looping initial 'S'.

Shiven Panday
