To whom it may Concern,

REFERENCE : MR. G. FENDT QUANTITY SURVEYOR

Mr Fendt is a very knowledgeable and astute quantity surveyor who applies the utmost professionalism to all that he tackles.

He has a particular flair for budgetary control and project leadership and as such I would have absolutely no hesitation in referring him to any prospective colleague or employer as a very valuable member of the team.

A handwritten signature in black ink, appearing to read 'Andrew Fraser', enclosed within a hand-drawn diamond or square shape.

Yours faithfully
Andrew Fraser
